Our food philosophy

At the heart of our brasserie culture lies a respect for the seasons. Whenever possible, we source locally, drawing inspiration from our own 2.5-hectare farm in Hjortshög, where we cultivate asparagus, potatoes, greens, zucchini, tomatoes, herbs, and mushrooms, and keep bees for fresh honey.

It is our ambition to always bring a taste of our farm to the table, preserving the harvest so it may be enjoyed all year round.

We are grateful to share this journey with you!
